/Bd's Ref.No.175378-H/52,CS,dated 1--9--1954/

From

Sri.S.Venkateswaran.,I.C.S.,
Commissioner of Civil Supplies & Settlement of Estates,
Chepauk,Madras.

Sri.K.Suppa Menon.,I.A.S.,
Secretary to the Commissioner of Civil Supplies and
Food Production,Madras.

Read:-
1. From the Collector of South Kanara, Ref.Rl.31093/52, dated 28-10-1952,2-5-1953,and 16583/53,dated 8-9-1953, 25-10-1953,15-5-1954 and 7-8-1954.
2. Board's Ref.No.175378-H/52,CS,dated 1-11-1952, 2-7-53, 6-10-1953, 2-11-1953,10-12-1953,26-5-1954 and 29-6-54.
3. From the Assistant Entomologist, Coimbatore,Rc.130/54, dated 24-6-1954.

During the period between December 1951 and July 1952, 2500½ bags of wheat weighing 5756 maunds held by the South Kanara Central Cooperative Wholesale Stores Ltd, on outright purchase system, at their various branches in South Kanara district were cleaned under the supervision of Government officials. The cleaning resulted in a total shortage of 176 maunds and 14 seers of wheat (details enclosed). The net loss sustained by the Stores comes to Rs.5452-4-6 as shown below:-

	Rs.
Value of the shortage of 176 maunds 14 srs. of wheat at Rs.18-12-0 per maund.	3306--9-0
Expenditure incurred in cleaning.	2294--3-6
	5600-12-6
Less The value of the 198 empty gunnies at Rs.0-12-0 each.	148--8-0
Net loss.	5452--4-6

2. The consignments have been in storage for more than 6 months and the shortage is reported to be due to natural causes. The Collector of South Kanara has reported that the cleaning charges recommended are reasonable with reference to the prevailing local conditions and that the Stores have actually incurred the expenditure.

3. The Assistant Entomologist, Coimbatore who was addressed in the matter has reported that he is not in favour of recommending the shortages as —

i. the storage conditions were far from satisfactory in all the depots of the South Kanara Central Cooperative Wholesale Stores during 1951-52;

ii. no dunnage was provided;

iii. the stocks were not stacked properly; and

iv. the shortage is due to bad storage.

Regarding the cleaning charges, he has suggested that the rates recommended by the Collector may be adopted if the shortages are allowed.

4. The Collector of South Kanara, whose remarks were called for on the points raised by the Assistant Entomologist, has reported that

i. wheat was allotted to South Kanara district, in excess of the requirements of the district;

ii. only cleaning charges and the loss in bulk due to cleaning alone have been recommended though the stores have claimed compensation for the godown shortage due to shrinkage.

(The South Kanara Central Cooperative Wholesale Stores have claimed a sum of Rs.12,881-5-4 towards shrinkage in storage, shortage in cleaning and expenditure in cleaning. But the Collector has disallowed the loss due to shrinkage and recommended Rs.5452-4-6 towards cleaning charges and loss due to cleaning.).

5. The Board considers that the stand taken by the Asst. Entomologist does not seem to be correct. If storage conditions were not perfect, there might be a case for not granting compensation to the stores for the quantity lost in storage. This has already been disallowed by the Collector of South Kanara. During 1951, large stocks of wheat were allotted to this State and they had to be distributed throughout the State. The South Kanara Central Cooperative Wholesale Stores had to keep the stocks in their godowns available, though they were not satisfactory. The Board considers that the claim for the payment of cleaning charges and the loss in bulk due to cleaning should not be rejected simply because the storage conditions were not satisfactory. The Board therefore requests that the Government may be pleased to sanction the payment of a sum of Rs.5452-4-6(Rupees five thousand four hundred and fifty two, annas four and pies six only) to the South Kanara Central Cooperative Wholesale Stores Ltd, Mangalore. The expenditure may be debited to the head "85.A.Capital outlay on Schemes of State Trading a.Grain Supply Schemes--C.Wheat and Wheat Products--i.Cost of purchase of grain--ii.Loss".

THIRD ASSISTANT SECRETARY 24 SEP 1954 18075 AGRICULTURE DEPARTMENT

pp1-3 c/

The case deals with the Board's proposal to sanction the payment of a sum of Rs.5452-4-6 to the South Kanara Central Co-operative Wholesale Stores Limited, Mangalore towards the loss sustained by the Stores in cleaning the stocks of wheat held by them during the period between December, 1951 and July, 1952.

During the period between December, 1951 and July, 1952, 2500 1/2 bags of wheat weighing 5756 maunds held by the South Kanara Central Co-operative Wholesale Stores Limited on outright purchase system were cleaned under the supervision of Govt.officials at their various branches in South Kanara district. The cleaning resulted in a total shortage of 178 maunds and 14 seers of wheat. The net loss sustained by the Stores comes to Rs.5452-4-6.

Para 2 ante

The consignments have been in storage for more than 6 months, and the shortage is reported to be due to natural causes. The Collector of South Kanara has reported that the cleaning charges recommended are reasonable with referenc to the prevailing local conditions, and that the Stores had actually incurred the expenditure. Although the Assistant Entomologist is not in favour of recommending the shortages for the reason that the shortage was due to bad ~~shortage~~ storage conditions, the Collector and the Board consider that the claim for the payment of cleaning charges and the loss in bulk due to cleaning should not be rejected, simply because the storage conditions were not satisfactory. In their view other factors have also to be taken into account, viz. that during 1951, large stocks of wheat were allotted to this State, and they had to be distributed throughout the State. The South Kanara Central Cooperative Wholesale Stores had to keep the stocks in the godowns available, though they were not satisfactory. The Board has therefore recommended the payment of a sum of Rs.~~452~~-4-6 to the South Kanara Central Co-operative Wholesale Stores Limited, Mangalore, as compensation towards the cleaning charges and the loss in bulk due to cleaning.
